

WLTl Brings you the World!

The world around us in an ever-changing place, and WLTl is bringing you news and programming from around the globe to you each weekday on 88.1 FM.

We are proud to be affiliated with not only the Most Trusted Name in News, CNN, but also with the following radio organizations:

- Radio Canada International

- Deutsche-Welle Radio

- Radio Netherlands

Click below to read more about our partnerships, show schedules, programming, and to listen live to these stations right from your computer!

-

Radio Canada International is a part of the Canadian Broadcasting Corporation (CBC), providing radio programs and news in nine different languages from their studios in Montreal, Quebec. Listen every Monday to The MapleLeaf Mailbag at 2pm. For 24/7 access to Radio Canada streaming audio you can also click here .

Deutsche-Welle Radio is Germany's international radio provider, producing programs in more than 30 languages from their studios in Bonn that reach more than 100 million listeners each week. Tune in to Living Planet on Tuesdays at 2pm and Cool on Thursdays at 2pm. Living Planet is a weekly science show that focuses on the environment and scientific discoveries, and Cool explores what is hot in youth and teen culture in Germany. Listen to these programs and more by clicking here .

Radio Netherlands provides programming in 10 languages, including a unique program called The State We're In, which airs each Wednesday at 2pm. TSWI is co-produced by Radio Netherlands and American University in Washington DC. On Fridays, you can listen to a weekly wrap-up of all of the top European news stories on Network Europe, airing at 2pm. Listen to both of these shows (and many more) on-demand by clicking here .
